WOMEN, GET STRENGTH! AN EXCELLENT LOCATION.

No Excuse for Debility and Nervousness.

What Paine's Celery Compound Does in a Few Short Weeks-It Makes a Tremendous Difference with Tired, Sickly Women.

In thousands of homes some one, father, mother or brother, is actually dying from starvation of the nerves and blood. This lack of nutrition of some vital part is not usually called by the harsh word "starvation," but It amounts to the same thing. It is called dyspepsia, neuralgia, Bright's disease rheumatism or nervous prestration, headaches or sleeplessness.

This general feeling of discomfort throughout the body shows a literal starvation of some of the important organs of the body, either heart, kidneys, stomach, liver, or nerve centers. Scores of men and women showing their first grey bair, who in business and society wear a smiling counten-ance, are tormented in private by a despondency they can scarcely explain which renders their life almost unen durable. Such mental depression, fall ing short of insanity, occurs most often at the "turning point" of life, or soon after it, and is a lamentably common complaint,

After middle life the body often be comes bloodless, the nerve tissues im-poverished. Then Paine's celery com-pound supplies building material for used-up blood and nerves. It makes people strong, ruddy and we'l. It regulates the nerves, feeds their wasted exhausted parts, purifies the blood of all dangerous humors and brings back strength and health. Where there is gradual loss of strength, a growing thinness, irritability and nervousness, Paine's celery compound keeps up the strength and resists the final break down to a state of invalidism and of constant suffering that is likely to come where nothing is done to check the wasting process.

It is upon women that the great burden of tiring, exhausting and petty duties fall.

Hundreds of homes might be saved from sickness and unhappiness if the wife or the husband or some member of the household could only see how pear aid and comfort is to the dear ones who are slowly drooping and re-Jaxing their interest in the things about them, preparatory to leaving them forever. Paine's celery compound is within the reach of every home in the land where there is illness. It has met the unqualified approval of repu table physicians of every school.

THE JUNIOR PROM.

The Sale of Choice of Boxes Last Night. The special sale of boxes for the junior promenade for members of the academic, junior and Sheff, senior classes was held last evening in 198 Old Chapel. The conditions of the sale were as follows: The price of each box was \$15, exclusive of the bid for choice, in every case the choice to go to the highest bidder.

The bidding started off very briskly, C. S. Stephenson '95 S, of Brooklyn, N. Y., getting first choice, with a bonus bid of \$105. J. Steward '96 of Alleghany, Pa., got second choice, with a bid of \$100. Afterwards the bidding was less brisk and the amounts bid ranged from \$80 to \$100.

MISSIONARY ASSOCIATION. The Plans For the Association's New Mis sion House-A Description of the Proposed Bullding—Additional Subscriptions

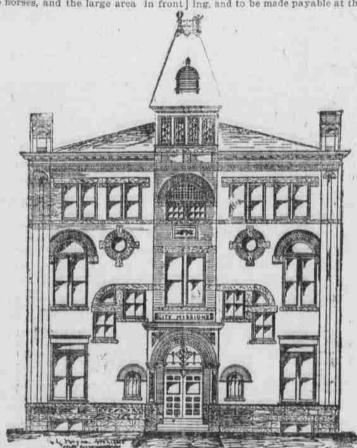

THE BUILDING SITE OF THE CITY

Are Needed. After an extended investigation of entral property for sale, the City Misdonary association has decided upon and through its building committee Messrs. P. N. Welch, A. E. Rowland and J. M. Peck, has purchased for its proposed new mission house the large lot on the east side of Orange street between Court and Elm streets. This property is a part of the Bradley estate. The front is 73 feet, extending from the office of the New Haven Ice company, nearly to the house of Dr. Bellosa, recently purchased from the same owners. The depth is 140 feet, which will give ample room for the carrying out of the present and future plans for the improvement and enlargement of the New Haven city mis sion work. The width also is sufficient for a building which shall present a good architectural front, and yet with enough room to spare on either side so that there shall always be plenty of light and air.

The land purchased is at present eased for stable purposes, the brick

ready for the use of women and girls temporarily without lodgings in the city. The Mothers' meeting, with Mrs. H. B. Sturgess as chairman, and the other work of the woman's depart ent, will for greater convenience or cupy a part of the first floor The children's saving bank, under car-Miss May Douglass, will have des-om in the hall on the first floor, which will also furnish accommodations for the King's daughters, led by Mr. S. M. Finken. This, with heating an rangements, etc., in the basement, and mitable tollet conveniences, wardrobe storerooms, etc., as needed on each floor, is the plan of Rev. Mr. Mossman the general superintendent for th building, which, when complete, wi ot cost more than \$20,000, making wit the payment for the land a total of b tween \$36,000 and \$28,000. But before contracts are finally made for building M Mossman will visit other cities in which such buildings have been recently erected, as at Meriden, Hartford, New York City, Albany and elsewhere, in order to incorporate in the New Haven building the best product of the best thought on this problem of city mis-

Meanwhile subscriptions are in order and may be sent to Mr. Pierce N Welch, president of the First National bank on Orange street, who is treasurof the association and also chairman \$12,000 and \$13,000 have already been received, and further subscriptions of either large or small amounts will b building in the rear being occupied for the horses, and the large area in front ing. and to be made payable at the conacceptable either for the land or build-

for carriages, etc. This lease runs to May 1, 1895, until which time the ground for the new building will not be broken. This will give needed time for the securing of additional subscripions, which with funds now on hand, it is expected will not only leave the land free of incumbrance by the date named, but enable the association to erect and occupy its new building free rom deht.

Plans for the proposed new mission ouse are now being considered, but as the land is not yet ready for oc-cupancy, (being under lease when purchased), sufficient time will be taken o secure the best arrangements possi-Berlin, Jan. 14 .- The report that ble with the amount it is proposed to for the well being of the inner and the prositions have already been ceived by the association from architects in New York and Brooklyn to furnish building plans, while there are, of course, architects in our own city whose ability in their line of work

is unquestioned. The three stories will be divided as follows: On the first floor, which will be raised a few feet above the ground evel, there will be a general office, with the superintendent's private office; a ladies' reception room, with lady missionary's office; a large hall for every day and every night use, and seating from two hundred to three hundred persons, opening out from which will be uning hall and a well-furnished kitchen. On the second floor, reached by a wide half and stairway from the front en-

trance, will be the main audience hall to seat at least six hundred persons with pastor's study, orchestra room and large platform in the rear, and in front a room for directors' meetings and another for general committee meetings.

From the front end of the second loor a double stairway to the third floor will lead to the hall (with seating capacity for four hundred or more) to be specially fitted up for the large and important work now being don each week among the children under the direction of Miss Hume, the lady missionary, assisted by Miss Fogg, Mrs. Finken, Miss Coggeshall and

others. The Sunday school department under the charge of Judge L. W. Cleaveland and the Girls' club under Mrs. Charle H. Gough will also occupy the childrens hall. The remainder of the third floor will be divided into kitchen, sitting room and sleeping room for a per-

WALLINGFORD.

The directors of the First National bank held a meeting yesterday afternoon and elected as officers W. J. Leavenworth, president; L. M. Hubbard, vice president; R. H. Cowles and W. J. Leavenworth, auditors. James Platt, a nephew of Cashier Newton, was appointed as clerk in place of H. L. Hirons, resigned.

At the fire department meeting Sun lay afternoon M. J. Redmond was seected as second assistant engineer. It was voted to have the annual department ball on Friday evening, April 18, and the chief and assistants and the three foremen were appointed as a committee of arrangements.

W. B. Hall, B. A. Treat and G. T. Bramble will represent Compass lodge, No. 9, F. and A. M., at the annual sesion of the grand lodge in New Haven on

Wednesday and Thursday. W. L. Lane returned yesteday to his home in Pittsfield, Mass.

venience of the subscriber. The early payment in full for the land will o course ensure the more speedy acco plished of the future plans for the building. The location is well chosen and, it is understood, has the approval hearty favor and good feeling of the managers of the Organized Charities and of the United Workers, whose well equipped building is just across the street. The work to be done by thes different organizations is entirely dis tinct and yet supplemental and co-op erative, and therefore may in this way be centralized with advantage to all. For the erection and maintenance of two such buildings as centers of effort outer life of its people, New He well be willing to give liberally of its abundant material wealth, to receiv in return a continual betterment in its daily life that cannot be estimated.

A proposed front elevation for such building, given at the head of this arti cle, is from a sketch offered the association by one of our New Haven archi-

The following items are from the architect's notes accompanying this sketch, in addition to the description of the uses of the different floors, as given Isewhere in this article:

The accompanying cut shows the facade of the building contemplated by the City Missionary association. "The front to be built mainly of buff brick with Portland brownstone trimmings to have metal cornice, and tower covered with copper tile, with bronze crest-ing and finial."

"Dimensions of building: Length 100 feet, width 55 feet, height of first story 14 feet, second story 20 feet, third story 14 feet, height of tower about 80 feet." "The steps and pillars at front en-trance will be of finely dressed stone."

"The stairway and hall windows will be richly designed in art glass set in eaded sash-all remaining front windows to be of plate glass."

"The main corridor will be 14 by 50 eet, with massive oak doors at the front

"The interior to be finished mainly in North Carolina pine and cherry; the stairways of solid oak, finely polished." "A tower rising above the whole build ng will project a few feet in front of all, and the building will itself be set back some distance from the front sidewalk.

"The entire building will be heated nament janitor and wife, with an addi- and ventilated by the most approved tional room in reserve and always modern methods."

for the joiner work on the Masonic A verandah is to be placed around the building, and other needed improvements will be made.

Miss Ethel Lucas of Washington street has accepted a position as stenographer in the supply department in the Meriden Britannia company.

Officer Mooney is on duty again af er a week's illness. There was a pleasant surprise party on Mr. and Mrs. W. J. Peers of East Center street last evening. The event was due to the fact that it was Mrs.

Peers' birthday. Charlle Van Tassel was twelve years old yesterday, and last evening he was given a party, and many of his friends

Most of the factories have started up on eight hours' time. There is skating on some portions of

the lake, although it is not as good as The H. L. Judd comapny has started up on seven and a half hours a day.

The sleighing is about played out.

New Haven County convecation at St. G. E. Dickerman has the contract Thomas church in this city to-day,

A Flesh Forming Food (Artificially Digested.)

Assimilated without any diges tive effort. If you want to grow fat, strong, robust and plump, use this food. It will stop the wasting and add new, health, tissue to the emaciated form. Paskola is far superior to Cod Liver Oil in consumptive cases, without its repulsive taste. Thin, pale people gain from five to ten pounds a month. You can buy it at any drug store. Send your name to The Pre-Digested Food Co., 30 Reade st., New York, and get their interesting pamphlet.

Charles S. Leete & Co., Jato To Fraw New Haven.

Death of Mrs. John F. Elliott. The remains of Mrs. Anna, wife of John F. Elliott, of New York city, arrived here yesterday for interment in the family plot in Evergreen cemetery to-day. Deceased died of consumption after a lingering illness. She was greatly esteemed by a large circle of friends. Her husband is a leading business man for the Singer Sewing company, headquarters in New York city, but former-ly for years of Cincinnati. He is a brother of our townsman, Representa-tive Lewis R. Elliott of this city, who for forty years held a very responsible position with the L. Candee rubber nanufactory of this city.

Two Coons. To the Editor of the JOURNAL AND COURIER An article which appeared in last Saturday's Evening Leader regarding two coons which were on exhibition in Andrews' gun store, on Church street, which, it was said, weighed fifty-five pounds and were captured on Woodbridge hills. There are at least two people who would rather have seen them captured and weighed, for they looked as though they had shrunk at least twenty pounds since their capture, Two Coon Hunters,

Germany's Fleet Should be Increased. Berlin, Jan. 14 .- In the reichstag today Mr. Hasse, national liberal called attention to the scant protection afforded to Germans abroad, and quoted a statement made by Chancellor Caprivi on the occasion of the Chilian disturb ances. The German fleet was not suf ficiently large to protect Germans everywhere, Baron Marschall von Bieberstein, foreign minister, said that the fleet of cruisers ought to be in

Hands Off.

Alfcock's Corn Shields, Alfcock's Bunion Shields, Have no equal as a relief and cure for corr and bunions.

Brandreth's Pills. A safe and sure remedy for diseases arising from impurity of the blood.

A STUDY OF FACES,

no matter where you go, will show you how many, many people ought to be taking Carlsbad Sprudel Salt!

There's the thin, peaked face that tells of perverted nutrition. There's the fat, puffy face of flatulent obesity. There's the otherwise pretty face that's marred by skin disorders and eruptions; the yellow, haggard face of the dyspeptic; the dull, drawn faces of sufferers from stomach and liver and kidney troubles

All these people need the Carlsbad Sprudel Salt. It goes to the root of the whole matter. It purifies the blood, dissolves obstructions, clears the system, and cures permanently, in a natural way, every derangement of the stomach, bowels, liver and kidneys. Beware of the many imitations sold as "improved" or "artificial" Carlsbad Salt, These generally consist only of ordinary Seidlitz Powder and Glauber Salt, sold by unscrupulous dealers upon the reputation of the Genuine Carlsbad Salt.

The only genuine imported Carlsbad Salt has the signature of EISNER & MENDELSON Co., Agts, New York," on every bottle.

EPPS'S COCOA.

BREAKFAST—SUPPER.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage which may save us many heavy dootors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maiadles are floating around us ready to affact wherever there is a wook point. We may escape many a fatal shaft by keeping correleves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette.

Made simply with boiling water or milk. Soid only in half-pound fine, by grocers, labelled thus:
